Shri Guru Tegh Bahadhur Public School

03/2012 - 03/2013   *Ratlam,Madhya Pradesh*

Percentage:-
- 74.9

PROJECTS UNDERTAKEN

Non redundant cover set formation to improve full coverage in wsns
Research Paper

11/2021 - Present

Project Description
- I have created an algorithm that helps to increase the lifetime of a network. In the algorithm, sensors are divided in such a way that they cover all the targets without being a sensor redundant so that the remaining sensors can be used in the future for the full coverage.

Mugchat
Major Project

01/2019 - 05/2019

Project Description:-
- I have created a Social media platform named as Mugchat which provide a platform to user to upload the picture as well as they can communicate like Facebook.
